

60v lithium battery pack customization

What is a custom battery pack?

Understanding custom battery packs is simple - they're tailor-made to suit your specific needs. Unlike regular batteries, they're designed to meet your unique power requirements. We customize battery packs based on voltage, capacity, size, shape, and even the type of cell. But why does this matter, you might ask?

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

Why should you choose a custom lithium-ion battery?

With stringent adherence to safety standards and compatibility with diverse drone systems, our custom lithium-ion batteries cater to the unique needs of aerial photography, surveillance, mapping and surveying, search and rescue, agricultural, and more.

Why should you choose a lithium-ion battery for Your Cleaning equipment?

Our custom lithium-ion batteries power a wide range of cleaning equipment, such as floor scrubbers, vacuum cleaners, ride-on sweepers, and pressure washers with superior performance and longer run times than traditional lead-acid batteries. In addition, professional cleaning demands efficient and durable battery solutions.

Why do you need a battery pack?

Because it's not just about powering your devices - it's about guaranteeing they function safely and efficiently. The right battery pack can extend the life of your equipment and even enhance its performance. We use high-quality brands like Duracell, Energizer, Saft, Power-Sonic, Omni, and Sanyo to guarantee superior quality.
