

Abkhazia Energy Storage Power Station Electricity Price Adjustment

Why did Abkhazia lose electricity?

Georgia's Russian-occupied region of Abkhazia lost all electricity supply due to the shutdown of the only power station supplying energy to the region, Russian state news agency TASS reported on Dec. 11, citing an Abkhaz energy company.

Where is electricity supplied in Abkhazia?

Electricity is largely supplied by the Inguri hydroelectric power station located on the Inguri River between Abkhazia and Georgia proper and operated jointly by Abkhaz and Georgians. The exports and imports in 2006 were 627.2 and 3,270.2 million rubles respectively (appx. 22 and 117 million US dollars) according to the Abkhazian authorities.

Why is Abkhazia facing energy shortages?

The region has recently faced energy shortages aggravated by a growing spat with its Russian patrons. Moscow has cut almost all funding, including money crucial for the energy sector, after Abkhazia's local council voted against a controversial investment agreement with Russia.

Why did Russia occupy Abkhazia & South Ossetia?

The full-blown energy crisis came even though the Abkhaz authorities appealed to Russia for assistance on Dec. 6. Russia has occupied Abkhazia and South Ossetia after a war with Tbilisi in 2008, backing local breakaway leadership. Both regions are internationally recognized as Georgia's sovereign soil.
