

Who owns the telecommunications market in Botswana?

The telecommunications market is dominated by the three operators which operate under Public Telecommunications Operator (PTO) licence namely Botswana Telecommunications Limited (BTCL), Mascom Wireless Botswana (Pty) Ltd (Mascom) and Orange Botswana (Pty) Ltd (Orange).

Does the US export telecommunication equipment to Botswana?

U.S. exports of telecommunication equipment to Botswana have increased significantly over the last several years due to a \$20 million investment from a satellite communications provider. This figure does not reflect those U.S. products exported to South Africa and imported to Botswana by South African distributors.

Does Botswana restrict over the top (OTT) communication services?

Botswana does not restrict over the top (OTT) communication services like voice over internet protocol (VOIP). The Ministry of Communications, Knowledge, and Technology is the authority that issues licenses for telecom services including mobile telephones, data communications, payphones, sale of telecommunications equipment, and internet services.

What is the Botswana Telecom operators country intelligence report?

Dublin, Nov. 14, 2024 (GLOBE NEWSWIRE) -- The "Botswana Telecom Operators Country Intelligence Report" report has been added to ResearchAndMarkets.com's offering. The report provides an executive-level overview of the telecommunications market in Botswana today, with detailed forecasts of key indicators up to 2028.

How much does Botswana data cost?

In 2019, the Botswana Communications Regulatory Authority (BOCRA) engaged with operators and agreed to cut data prices by up to 46 percent making data prices competitive in the region. Prices for a prepaid 2 GB data package with a 30-day validity by a 3G or 4G network provider with the largest market share fell from \$8.16 in 2019 to \$5.93 in 2020.

What is Botswana's e-commerce strategy?

A national E-Commerce strategy to promote the use of digital technology in Botswana's commercial and public spheres was launched in October 2021 and subsequently an e-portal to operationalize the strategy has been developed and piloted.

Choose the type of license you are applying for from the following list. BOCRA will investigate a consumer complaint against a service provider if there is sufficient evidence to establish.
