

Canadian Rechargeable Battery Cabinet

What is a lithium ion storage & charging cabinet?

Lithium-ion storage and charging cabinets are used to store batteries safely. Manufactured by asecos, these cabinets offer All-around protection: 90-minute fire protection from the outside. With tested, liquid-tight spill sump.

Why should you choose asecos lithium-ion storage cabinets?

Asecos Lithium-ion, safety storage cabinets, provide all-around protection, ensuring fire safety during battery charging and storage with features like self-closing doors and liquid-tight spill containment. Discover our latest designs, perfect for both residential and commercial applications.

Does Canadian Tire have a battery tester?

The clear locking lid keeps batteries safe and visible while fitting discreetly in drawers or cabinets. Best of all, a built-in battery tester checks the charge of your stockpile before you need them. View full return policy This product carries a 1 year exchange warranty redeemable at any Canadian Tire store.

How do directors maintain insurance coverage for lithium-ion batteries?

To maintain insurance coverage, directors must provide suitable fireproof storage cabinets and charging solutions for lithium-ion batteries. They are responsible for employee safety and compliance with the Occupational Health and Safety Act and face personal liability for inadequate fire protection measures.
