

China Solar Container Freight Rates

How to ship solar panels from China?

Shipping Methods You have two main shipping options when importing solar panels from China: sea freight and air freight. Each has its advantages, depending on your needs. **Sea Freight:** Sea freight is the most economical option, particularly for large shipments. It takes longer but significantly reduces costs per unit.

Why are container freight rates so low in China?

This is mainly due to the impact of the US tariffs on China. Under tariffs as high as 145%, container freight rates are generally low. In May, the price of a 20-foot container is expected to remain at around \$1,400, while the price of a 40-foot container will remain at around \$1,550. The price is still on a downward trend.
