

CrossBoundary Energy has secured a subordinated debt facility, which is expected to accelerate procurement for the solar-storage IPP serving the Kamoia copper mine in DR ...

Congo, which supplies about 70% of the world's cobalt, is positioning itself as a key player in the global clean energy transition, with lithium critical for electric vehicle batteries ...

The Republic of Congo has announced plans to double its power generation capacity to 1,500MW by 2030, prioritising renewable energy projects to expand electricity ...

Discover innovative battery storage solutions that enhance energy efficiency and support sustainable power initiatives. Explore how advanced storage technologies are revolutionizing ...

17 hours ago· Salt River Project (SRP) and Google this week announced what the companies are calling a "first-of-its-kind" research collaboration to better understand the real-world ...

A consortium led by UK power infrastructure investor Gridworks signed three concession agreements with the government of the Democratic ...

A second Kamoia Copper solar-storage deal has been awarded, with Green World Energie signing a PPA to supply 30MW of baseload renewable output. It follows a 30MW ...

Located in Pointe-Noire and supplied by oil and gas fields operated by Eni, the CED plans to commission its first turbine in March 2025, adding 27% more energy to the ...

Recent pilot projects by Belgian startup H2Congo show promising results - storing surplus hydro energy as hydrogen during rainy seasons, then converting it back to electricity ...

The ISA was conceived as a joint effort by India and France to "mobilise efforts against climate change through deployment of solar energy ...

In the Democratic Republic of the Congo (DRC), several pioneering renewable energy storage initiatives stand out as exemplars of innovation, including Project 1: Inga Dam ...

Why This Tender Is Making Waves in African Energy Circles Let's cut to the chase: The Congo energy storage tender isn't just another government procurement notice. It's like finding a ...

Mining consortium Kamoia Copper and IPP CrossBoundary Energy have agreed on a PPA providing baseload

Congo Power Energy Storage Project

renewable energy for one of the largest copper mines globally, in ...

Solar and Battery Energy Storage System to Power Kamo-a-Kakula Copper Mine Kamo-a Copper S.A. is a joint venture between Ivanhoe Mines, Zijin Mining Group, and the ...

Launched in April 2024, Mission 300 targets providing electricity access to 300 million Africans by 2030. The World Bank and the African Development Bank have committed ...

Kamo-a Copper's landmark 30 MW solar+storage project in DRC sets new standard for clean energy in African mining, cutting emissions and powering Africa's largest copper mine.
