Is Inventus power a certified lithium-ion battery?

This field is for validation purposes and should be left unchanged. Inventus Power offers advanced, globally certified lithium-ion battery solutions like the PROformance and U1LiFe Series, emphasizing safety, innovation, and reliability across diverse industries.

What is a lithium ion battery?

Lithium-ion batteries are a relatively newer technology that offer intelligence, communication, higher energy density and longer life, while eliminating the need for service and maintenance like watering and following complicated charging processes.

Can I charge my laptop with a 12V DV Charger?

So there's a standard socket for 12v DV charging that my laptop can go into and then there's the two AC sockets which when switched on give a familiar cooling fan noise as this activates an inbuilt inverter, from which you can peek 500w of power. This will easily power a hand blender or charge any power tool battery.

They may be configured in series, parallel or a mixture of both to deliver the desired voltage, capacity, or power density. Packs are identified by cell size, number of cells, battery structure, ...
