

Does outdoor power supply use a lot in South America

Which output plug to use in South America?

So, it should be that the only thing you need to worry about when travelling South America is which output plug to use where. Here's a list of all the plug types by country: Argentina - Voltage 220V, Frequency 50Hz May use either the standard European rounded two-prong plug (Type C), or the 3 prong plug used in Australia (Type I).

Are there electrical outlets in South America?

We get asked ALL THE TIME about Electrical Outlets in South America. Electrical Outlets in South America can be very tricky. They vary depending on the country you are travel to. It is always a good idea to bring along a universal charging adapter either way. With one of these charging adapters, no matter if 120v or 240v, you are covered.

Which outlet should I use in South America?

South America as the region has not been able to agree on a common outlet to use and it varies from country to country. If you're visiting several countries you need to investigate each one. Some use the typical American two and three prong plug but many use the outlet that is commonly found in central Europe.

Should I use the same European outlet plug for South America?

Previously, I've only ever needed to use the same European one. But, as it turned out, for South America it's not so easy. Many of the countries have different electrical outlet plugs and different voltages, so it's not really a one-plug-fits-all job!

What is the voltage in South America?

The voltage in South America ranges just as much as the sockets do. You can expect to find anything from 120V in Colombia to 220V in Peru. However, many newer appliances and devices are now able to hold different voltages because they're dual voltage. Just check your device and be sure that it can handle the voltage before you plug it in.

Do you need a South America plug adapter?

A South America adaptor can be your best friend in such cases! With the right plug adapter, you can enjoy our Brazil, Iguazu & Argentina Delights tour, hop on a Costa Rica Escape, and head off to see Machu Picchu on a Sacred Peru tour, all without hassle!
