

Home inverter solution

What is a solar inverter?

The solar inverter. It's the behind-the-scenes wizard that turns your panels' raw sunlight juice (DC power) into something your home can actually use (AC power). Pick a dud, and your solar dreams fizzle. Pick a champ, and you're golden.

Why should you choose SolarEdge home inverters for residential use?

Combining award-winning technology to manage PV production, on-grid battery storage, and our smart energy devices. Our optimized home inverters solution offers greater design flexibility for small-scale residential projects. Need help? Maximize energy efficiency and savings with SolarEdge Home Inverters for residential use.

How much does a solar inverter cost?

Your solar adventure starts here--let's light it up! The Enphase IQ8 is a top pick for its reliability, panel-level optimization, and 25-year warranty--especially great for shaded or complex roofs. Solar inverters cost between \$1,500 and \$5,000, depending on the type (string, micro, or hybrid) and your home's energy needs.

How do I choose the best solar inverter?

Choosing the right inverter is key to maximizing your solar production, increasing your savings, and monitoring the health of your solar system. To find the best inverter for your needs, connect with a solar.com Energy Advisor to review custom designs and proposals.

Which solar inverter is best for You?

We've narrowed down the top products of 2025, but the best way to find which inverter is best for you is to review your options with an Energy Advisor. Enphase has had #1 market share for residential solar inverters for the past several years because they continue to push the envelope of innovation, service, and reliability.

What is the best inverter generator for home backup?

The best inverter generator for home backup depends on your power needs and preferences. Popular options include the DuroMax XP13000EH for its dual fuel capability and electric start, and the Honda EU7000IS for its super quiet operation and reliable performance. What Size Inverter Generator Do I Need To Run My House?
