

How big is Kuwait's EV market?

Kuwait's EV market is still in the nascent stage, but strong growth is forecasted (from \$51.2 million in 2023 to \$1.1 billion by 2032).

Is Kuwait ready for electric vehicles?

Kuwait achieved a significant milestone in electric vehicle (EV) readiness, securing the number three ranking in the Gulf Cooperation Council (GCC) region and number 14 globally (UAE 7th, Qatar 9th, and Saudi Arabia 21st) according to the Global Electric Mobility Readiness Index's 2023 report.

Does Kuwait support EVs?

The Kuwait Government has taken measures to support EVs by ensuring that every fuel station is equipped with at least one fast charging unit by the end of this year, and landlords are encouraged to allow installation of home wall boxes.

Is Kuwait a good place to buy a car?

Kuwait is one of the richest countries in the world with a high GDP per capita (\$38,000 in 2023) and remains a significant importer of new automobiles (as of December 2022, 2.6 million traditional vehicles were registered).
