

Lithium battery multifunctional mobile power box

What is a heavy duty battery box?

Heavy duty battery box is the innovative solution to turn a battery into a portable power station. Pre-wired all parts and connections with design of plug & play setup, making it easy to install and use without any electrical expertise.

What is a kickass portable battery box power station?

Simplify your off-grid power needs with the KickAss Portable Battery Box Power Station, an essential for canopies, trucks, vans, RVs, and camper trailers. With pre-wired connections and optimal battery charging compatibility, this versatile solution is perfect for DIY enthusiasts and modern vehicle alternators.

Which batteries fit in the battery box?

By its built-in over-current protectors & multi input/output ports, the Battery Box is great for Boating, Camping, Overland and Solar Power Storage. Compatible with 12V-24V Batteries as long as they fit in the box, such as Group 24, 27, 31 and most other AGM & Lithium Batteries.

What is the all-top battery box?

The ALL-TOP Battery Box is a multi-functional Power Center with built-in over-current protection and multiple input/output ports, making it ideal for RV, Marine, Camping and other outdoor applications. It's compatible with 12V-24V batteries like 24, 27, 31, and most AGM and lithium batteries on the market.

Which batteries are compatible with the 12v-24v battery box?

Compatible with 12V-24V Batteries as long as they fit in the box, such as Group 24, 27, 31 and most other AGM & Lithium Batteries. (Note: The battery box does not contain fixing frame inside and smaller batteries may not be suitable for this box.)

What is a mobile power station?

A waterproof and submersible mobile power station for use in extreme environments. Jump start a car or boat engine with over 1,000 cold cranking amps (CCA) of engine starting power, run a trolling motor, or power your devices and smaller appliances with 60 amp hours (768 watts) of deep cycle Dakota Lithium energy.
