

Montenegro's state-owned power utility, EPCG, has initiated the preparation of a feasibility study and project design for the procurement of battery energy storage systems ...

The Board of Directors of Elektroprivreda Crne Gore (EPCG) has approved the Battery Energy Storage Systems (BESS) project proposal, a crucial initiative aimed at ...

11 hours ago; Return has acquired four RTB projects in Germany, while investor N2OFF has added BESS to a solar project it is developing there.

5 days ago; EPCG, Montenegro's largest electricity provider, has announced plans to invest in two battery energy storage systems (BESS) to enhance grid stability and improve the balance ...

Montenegro's state-owned power utility Elektroprivreda Crne Gore (EPCG) has invited bids for the design, supply, installation and commissioning of two battery energy ...

Spajic emphasized that Montenegro, with its rich renewable energy resources and ambitious decarbonization goals, is open to investments in the renewable energy sector. He ...

1 day ago; Fidra Energy has received up to €445m (\$601.1m) in equity investment from EIG and the National Wealth Fund (NWF) for the Thorpe Marsh battery energy storage system (BESS) ...

The Board of Directors of Elektroprivreda Crne Gore (EPCG) has approved the launch of a tender for the procurement of two Battery Energy Storage Systems (BESS) with a ...

Montenegro invests EUR48M in 240 MWh battery energy storage systems to enhance grid stability and accelerate its renewable energy transition.

The Government of Montenegro has approved a list of 15 priority energy infrastructure projects worth EUR 1.38 billion. This fulfils chapter 21 - Trans-European ...

Montenegro is gearing up to launch an extensive renewable energy tender by the end of 2024, targeting investments for approximately 5.5 GW of solar, wind, and pumped ...

EPCG, Montenegro's state utility, aims to procure two grid-scale battery storage systems (BESS) totaling 240 MWh in a EUR48 million (\$55.9 million) tender.

Montenegro Energy Storage Project Investment

The EUR82 million investment, supported by KfW Bank, marks a significant milestone in Montenegro's renewable energy development. Construction of Gvozd 2, a smaller 21-22 ...

As investment in renewable energy generation continues to rise to match increasing demand so too does investment, and the opportunity to invest, in energy storage. Estimates ...

EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid resilience and balance supply and demand. ...

The utility-scale solar PV plants and energy storage in development will help Montenegro alleviate the strains of the energy crisis, while reversing decades ...
