

New 48V inverter for West Africa

Which inverter systems are available in South Africa?

PHD has the widest range of Inverter systems in South Africa, and the Southern African region. We have both pure and modified sine wave inverter systems, with and without battery chargers. We offer Victron Range as well as the state-of-the-art Super Home (ST2X) range and the Studer range of inverters directly from Studer Switzerland.

How does the Felicity solar ivem5048 inverter work?

Hybrid Functionality: The Felicity Solar IVEM5048 inverter combines solar power, grid power, and battery storage in one unit, offering a flexible energy solution that maximizes the use of solar energy and ensures continuous power supply during outages.

What are the advantages of ivem5048 solar inverter?

High Efficiency: With a peak efficiency of 93%, the IVEM5048 minimizes energy losses during the conversion process, maximizing the amount of solar energy stored and used. **Quiet Operation:** Designed for low-noise operation, this inverter is suitable for residential environments where minimal noise disturbance is preferred.

Our unique inverters are all Digital high-frequency units capable of higher than 93% efficiency which is unheard of in local markets. They have also been specifically designed for the harsh ...
