

Outdoor solar panels for homes

What is outdoor solar store?

Get access to exclusive deals, product releases, and solar lighting tips delivered right to your inbox. Outdoor Solar Store offers some of the best professional quality solar powered lighting options for your home or business, including landscaping lights, security motion sensors, flagpole lighting & more.

Should you install DIY solar panels for your home?

When you install DIY solar panel kits for your home, you can save thousands of dollars and avoid the hassle of working with costly professional installers. You'll also have full control over your solar panel project. Get your solar system up and running ASAP so you can reduce or eliminate your monthly electric bill.

Are ground mount solar panels a good choice for your home?

Maintenance, troubleshooting or future panel replacement may be challenging for those with steep or slippery roofs. Ground mount solar panel kits for home are hefty and require unused land but are cost-effective and highly efficient for properties with south-facing roofs and optimal sun exposure.

Can solar lights be used outside?

Outdoor LED solar lights Your outdoor area can be just as well-lit as the inside of your home. Shop our outdoor LED solar lights and keep the ambience flowing from inside to outside. Solar lanterns Turn your yard into a wonderland of light with stylish solar lanterns. No matter your taste, these lanterns lend themselves to plenty of design choices.

What is a solar panel kit?

Our solar panel kits for home are easy for you or a contractor to install. Each solar panel kit comes with solar panels, grid-tie inverters and mounting hardware and is customized to your energy needs and home's unique specifications. Take our quick questionnaire to create a custom solar panel kit based on your energy needs.

Should I install solar panels on my roof?

For most residential solar projects, rooftop solar panels are the way to go. Install solar panels on your roof to save on racking costs and conserve valuable space on your property. Shop our selection of DIY roof mount solar panel kits for both grid-tied and off-grid properties. Which inverter should I choose? No need for additional space.
