

Where are lithium-ion batteries made in Poland?

In Poland, other concerns from South Korea, such as SK Innovations, Nara Battery Engineering, Foosung and Enchem, are additionally investing in the production of lithium-ion batteries. Production plants were established not only in Lower Silesia, but also in Kedzierzyn-Kozle in the Opole region or in Dabrowa Górnica in the region of Zagłębie.

Are lithium-ion batteries used in electric vehicles in Poland?

Lithium-ion batteries for electric vehicles have become one of the specialties of Polish exports. They mainly go to other EU member states.

Why is Poland a leader in lithium-ion batteries?

They mainly go to other EU member states. But in order to maintain the position of the EU leader and, at the same time, successfully compete with Asian producers, Poland must not only further develop its production capacity, but also produce lithium-ion batteries with a lower carbon footprint. Their invention and popularization changed the world.

Will China build a lithium-ion battery plant in Poland?

The Chinese concern Zhangjiagang Guotai-Huarong New Chemical Materials has a plan to build the largest electrolyte plant for lithium-ion batteries at the territory of Poland. The Chinese Capchem also wants to build this type of plant here. On the other hand, Korean Kyungshi is preparing to expand cable production in Poland.

How much is a battery worth in Poland?

According to the data of the Central Statistical Office, its value exceeded EUR 400 million at the end of 2020. And it keeps rising. Batteries are also the number one of Polish export commodity. At the end of the last year, they moved to the first place of Polish products, which are most sold abroad.

Who makes lithium ion batteries?

A significant milestone was receiving Panasonic's authorization to produce lithium-ion battery packs, making it the first company in Central and Eastern Europe to achieve this. The company is a leading manufacturer of power supply solutions for industrial devices, prominently featuring Li-FePO₄ accumulators.
