

The solar systems consisting of many small modules, which together form a curtain wall, merge seamlessly with the building to which they are attached. ...

Visually striking, 14-storey residential building with circumferential solar façade and photovoltaic pergola on the roof. Winner of the 2019 Swiss Solar Prize in the category "New builds". Your ...

Swiss retailer Lehner Versand generates 24.5% of its building energy needs thanks to a renovation project that added 109 kW capacity of solar PV to its facade. The PV ...

What kind of technological breakthrough is needed to generate electricity on the glass curtain wall of a century-old building in the Canal District? Sunpro Power gave the ...

The Solar Innova modules of photovoltaic integration technology used in the BIPV installations are multifunctional. That is, in addition to generating electricity, they also meet all the requirements ...

By choosing Swisspearl products for building facades, you're partnering with a premium provider of long-lasting materials for ventilated curtain wall facades. ...

Onyx Solar is the world's leading manufacturer of fully customisable translucent photovoltaic (BiPV) glass products. Photovoltaic glass offers multiple ...

Onyx Solar's photovoltaic solutions for curtain walls and spandrels combine energy generation with sleek architectural design. These systems transform traditionally unused building surfaces ...

Discover the future of architectural innovation with ONYX SOLAR, the world's leading manufacturer of customized photovoltaic (PV) glass for curtain wall.

More than 200 products for Building Integrated Photovoltaics (BIPV) are commercialized nowadays in the EU market. However, only 1-3% of all PV installations are ...

Visually striking, 14-storey residential building with circumferential solar façade and photovoltaic pergola on the roof. Winner of the 2019 Swiss Solar Prize in ...

UAE University Building Installed on the building's south façade, the photovoltaic curtain wall comprises 201 high-transparency amorphous silicon glass units. The glass panels ...

Swiss building photovoltaic curtain wall company

European BIPV Case Study || Colorful Photovoltaic Curtain Wall of a Multi-Storey Car Park in Sweden This project involved Soltech Energy installing a 60 kW solar facade on the wall of a ...

Sunage is a Swiss company, leader in the design, development and production of photovoltaic modules. Founded in 2007 in Canton of Ticino (CH), with over 15 years of experience in the ...

Solar architecture and the installation of building-integrated photovoltaics (or BIPV) is becoming more and more important. Solarwall is your partner for stunning solar fa#231;ades: we provide ...

By choosing Swisspearl products for building facades, you're partnering with a premium provider of long-lasting materials for ventilated curtain wall facades. A wide range of options is available ...
