

What battery cabinet brands are there in the Netherlands

What is a lithium battery storage & charging cabinet?

The storage and charging cabinet is designed to safely store and charge lithium-ion batteries. Here mainly batteries for bicycles, scooters, hand tools and the like are envisioned. The lockers are carefully designed with the specific needs of travelers and commuting workers in mind.

Are lithium ion accumulator cabinets safe?

These lithium-ion accumulator cabinets from Batteryguard are specifically designed to make the charging and storage of these powerful batteries safer. Lithium-ion batteries are known for their high energy density, but damaged batteries can also pose risks during charging.

Why do you need a batteryguard Battery Cabinet?

With a Batteryguard battery cabinet, you charge and store your batteries with complete peace of mind. You protect your staff, prevent damage, and meet the requirements of your insurer. And in some countries, you may even benefit from financial incentives or grants. Do you have any idea whether your business is at risk of a battery fire?
